

Request for Expression of Interests (EOI) Owner's Engineer for a Wind Project in Vietnam

24th February 2021

Infunde Development invites expressions of interest from qualified technical advisors and engineering companies to provide Owner's Engineer works for a Wind Project in Vietnam.

Infunde is co-developing a Wind Project in Vietnam. Infunde acts on behalf of InfraCo Asia Development Pte. Ltd. ("IAD") as its exclusive developer in various Southeast Asian markets, including Vietnam, to originate and develop infrastructure project opportunities. IAD is a donor-funded infrastructure fund, headquartered in Singapore and a member of the Private Infrastructure Development Group.

After receipt of the Expression of Interest (EOI) and execution of a non-disclosure agreement (NDA), the terms of reference and associated documents will be provided to qualified consultants.

For more information on the project background and scope of work, please fill out the online form expressing an interest in responding to the Request for Proposal #101. Interested consultants will be contacted upon receipt of the Expression of Interest. We expect interested consultants to also attach the project references and credentials for conducting such work, along with the Expression of Interest. Failing to do so will result in disqualification unless otherwise informed.

The Expression of Interest period will close on 1 April 2021

The Request for Proposal (RfP) and Terms of Reference will be sent to shortlisted consultants after review of their qualifications and relevant project references.
